**[PROPOSED] EX PARTE TEMPORARY RESTRAINING ORDER AND  
ORDER TO SHOW CAUSE RE PRELIMINARY INJUNCTION**

Plaintiff Microsoft Corporation (“Microsoft”) has filed a complaint for injunctive and other relief pursuant to: (1) the Computer Fraud and Abuse Act (18 U.S.C. § 1030), (2) the Stored Communications Act (18 U.S.C. § 2701 *et seq.*), (3) the Virginia Computer Crimes Act (Virginia Code Ann. § 18.2-152.5:1), and (4) the common law of trespass to chattels and conversion. Microsoft has moved *ex parte* for an emergency temporary restraining order and an order to show cause why a preliminary injunction should not be granted pursuant to Rule 65(b) of the Federal Rules of Civil Procedure, 18 U.S.C. § 1030, 18 U.S.C. § 2701 *et seq.*, 28 U.S.C. § 1651(a) (the All-Writs Act), and pursuant to this Court’s inherent equitable authority.

**FINDINGS OF FACT AND CONCLUSIONS OF LAW**

Having reviewed the papers, declarations, exhibits, and memorandum filed in support of Microsoft’s *Ex Parte* Application for an Emergency Temporary Restraining Order and Order to Show Cause re Preliminary Injunction, the Court hereby makes the following findings of fact

and conclusions of law:

1. This Court has jurisdiction over the subject matter of this case, and there is good cause to believe that it will have jurisdiction over all parties hereto; the Complaint states a claim upon which relief may be granted against Defendants John Doe 1 and 2 (“Defendants”) under the Computer Fraud and Abuse Act (18 U.S.C. § 1030), the Stored Communications Act (18 U.S.C. § 2701 *et seq.*), the Virginia Computer Crimes Act (Virginia Code Ann. § 18.2-152.5:1), and the common law of trespass to chattels and conversion.

2. There is good cause to believe that Defendants have engaged in and are likely to engage in acts or practices that violate the Computer Fraud and Abuse Act (18 U.S.C. § 1030), the Stored Communications Act (18 U.S.C. § 2701 *et seq.*), the Virginia Computer Crimes Act (Virginia Code Ann. § 18.2-152.5:1), and the common law of trespass to chattels and conversion, and that Microsoft is, therefore, likely to prevail on the merits of this action;

3. There is good cause to believe that, unless Defendants are restrained and enjoined by Order of this Court, immediate and irreparable harm will result from the Defendants’ ongoing violations. The evidence set forth in Microsoft’s Brief in Support of *Ex Parte* Application for a Temporary Restraining Order and Order to Show Cause Re Preliminary Injunction (“TRO Application”), and the accompanying declarations and exhibits, demonstrates that Microsoft is likely to prevail on its claim that Defendants have engaged and are likely to engage in violations of the foregoing law by:

- a. intentionally attempting to access protected computers and computer networks of Microsoft and accessing the online accounts of Microsoft’s customers, without authorization or exceeding authorization, and/or attempting the activities, in order to:
  - i. steal and exfiltrate information from those computers, online accounts, and computer networks;
  - ii. attack and compromise the security of Microsoft’s protected computers

and networks, and the online accounts of Microsoft's customers, by conducting remote reconnaissance, stealing information, credentials and funds, monitoring the activities of users, carrying out fraudulent schemes to steal information, credentials and funds, and using other instrumentalities of theft; and

iii. defraud Microsoft's customers.

b. deploying computers and internet domains by which means Defendants conduct and/or attempt to conduct illegal activities, including attacks on computers, online accounts, and networks, monitoring activities of users, theft of information stored in online accounts and defrauding Microsoft's customers;

4. There is good cause to believe that if such conduct continues, irreparable harm will occur to Microsoft, Microsoft's customers, and the public. There is good cause to believe that the Defendants will continue to engage in such unlawful actions if not immediately restrained from doing so by Order of this Court.

5. There is good cause to believe that immediate and irreparable damage to Microsoft and to this Court's ability to grant effective final relief will result from the Defendants' continued use of the internet domains listed in **Appendix A** to this order and from Defendants' sale, transfer, or other disposition or concealment of evidence of Defendants' misconduct that is hosted at and otherwise operates through the internet domains listed in **Appendix A** to this Order, if Defendants receive advance notice of this action. Based on the evidence cited in Microsoft's TRO Application and accompanying declarations and exhibits, Microsoft is likely to be able to prove that:

- a. Defendants are engaged in activities that directly violate United States law and harm Microsoft and the public, including Microsoft's customers;
- b. Defendants have continued their unlawful conduct despite the clear injury to the foregoing interests;
- c. Defendants are likely to continue to use the technical infrastructure at issue in Microsoft's TRO Application and listed in **Appendix A**, thereby permitting them to continue their illegal acts and cause irreparable injury; and

d. Defendants are likely to warn their associates engaged in such activities if informed of Microsoft's action.

6. Microsoft's request for this emergency *ex parte* relief is not the result of any lack of diligence on Microsoft's part, but instead based upon the nature of Defendants' unlawful conduct. Therefore, in accordance with Fed. R. Civ. P. 65(b), 18 U.S.C. § 1030, 18 U.S.C. § 2701 *et seq.*, 28 U.S.C. § 1651(a) (the All-Writs Act), and pursuant to this Court's inherent equitable authority, good cause and the interest of justice require that this Order be Granted without prior notice to Defendants, and accordingly, Microsoft is relieved of the duty to provide Defendants with prior notice of Microsoft's motion.

7. There is good cause to believe that Defendants have engaged in illegal activity using the internet domains identified in **Appendix A** by using those domains to (1) use information stolen from O365 accounts and computers to solicit fraudulent financial transactions, (2) deceive O365 users and their networks into making fraudulent financial transactions through imitation email accounts, and (3) to cause injury to Microsoft, its customers, and their networks who may wrongfully attribute these malicious actions to Microsoft.

8. There is good cause to believe that Defendants have engaged in illegal activity by using the internet domain registration facilities of the internet domain registrars identified in **Appendix A** to register the internet domains identified in **Appendix A**, so as to carry out the acts set forth in this Order.

9. There is good cause to believe that to immediately halt the injury caused by Defendants, Defendants must be prohibited from taking any act and from utilizing the internet domains identified in **Appendix A** to (1) use information stolen from O365 accounts and computers to solicit fraudulent financial transactions, (2) deceive O365 users and their networks

into making fraudulent financial transactions through imitation email accounts, and (3) to cause injury to Microsoft, its customers, and their networks who may wrongfully attribute these malicious actions to Microsoft.

10. There is good cause to believe that to immediately halt the injury caused by Defendants, each of Defendants' domains set forth in **Appendix A** must be immediately be placed beyond the control of or use by the Defendants, thus making them inaccessible to Defendants.

11. There is good cause to believe that to immediately halt the injury, the execution of this Order should be carried out in a coordinated manner by Microsoft and by the domain registrars identified in **Appendix A** on such date and time within five (5) days of this Order as may be reasonably requested by Microsoft.

12. There is good cause to permit notice of the instant Order, notice of the Preliminary Injunction hearing and service of the Complaint by formal and alternative means, given the exigency of the circumstances and the need for prompt relief. The following means of service are authorized by law, satisfy Due Process, and satisfy Fed. R. Civ. P. 4(f)(3) and are reasonably calculated to notify Defendants of the instant order, the Preliminary Injunction hearing and of this action: (1) transmission by email, facsimile, mail and/or personal delivery to the contact information provided by Defendants to Defendants' domain registrars and hosting companies and as agreed to by Defendants in Defendants' domain registration and/or hosting agreements, (2) publishing notice on a publicly available internet website, (3) by personal delivery upon Defendants, to the extent Defendants provided accurate contact information in the U.S.; and (4) personal delivery through the Hague Convention on Service Abroad or similar treaties upon Defendants, to the extent Defendants provided accurate contact information in

foreign countries that are signatories to such treaties.

**TEMPORARY RESTRAINING ORDER AND ORDER TO SHOW CAUSE**

**IT IS THEREFORE ORDERED** that, Defendants, Defendants' representatives, and persons who are in active concert or participation with Defendants, are temporarily restrained and enjoined from taking any act and from using the internet domains identified in **Appendix A** (1) to deceive users of Microsoft's products and services and by using those domains to obtain access to the protected computers and networks of Microsoft and to the online accounts of Microsoft's customers without authorization and in excess of authorization, (2) to attempt to obtain or obtain information stolen from those accounts and computers, (3) to carry out deceptive and fraudulent methods to attempt to steal computer users' account credentials, information and funds, and (4) to undertake any similar activity that inflicts harm on Microsoft, Microsoft's customers, or the public.

**IT IS FURTHER ORDERED** that, with respect to any currently registered internet domains set forth in **Appendix A** to this Order, the domain registrars located in the United States shall take the following actions:

A. Within five (5) business days of receipt of this Order, shall place the domains on client hold status to prevent the domains from resolving in the domain name system, on client transfer prohibited status to prevent the domains from being transferred, on client update status to prevent the domains from being updated by Defendants, and otherwise taking all steps to prevent Defendants from accessing, modifying, transferring or using in any manner the domains until the expiration of the domains at the end of the current registration period.

B. With regard to any domain registrars located outside of the United States, the Court respectfully requests, but does not order, that they take the same or substantially

similar actions as the foregoing so as to neutralize the threat posed by the Defendants to the citizens of all countries, including their own. Defendants, their representatives and persons who are in active concert or participation with them are ordered to consent to whatever actions are necessary for non-United States registrars, set forth in **Appendix A**, to effectuate this request.

**IT IS FURTHER ORDERED** that, with respect to the internet domains set forth in **Appendix A**, the domain registrars located in the United States shall preserve, retain and produce to Microsoft all documents and information sufficient to identify and contact Defendants and Defendants' representatives operating or controlling the internet domains set forth in **Appendix A**, including any and all individual or entity names, mailing addresses, e-mail addresses, facsimile numbers and telephone numbers or similar contact information, including but not limited to such contact information reflected in billing, usage, access and contact records and all records, documents and logs associated with Defendants' or Defendants' representatives' use of or access to the internet domains.

**IT IS FURTHER ORDERED** that copies of this Order, notice of the Preliminary Injunction hearing and service of the Complaint may be served by any means authorized by law, including (1) transmission by email, facsimile, mail and/or personal delivery to the contact information provided by Defendants to Defendants' internet domain registrars and/or hosting companies and as agreed to by Defendants in the internet domain registration and/or hosting agreements, (2) publishing notice on a publicly available internet website, (3) by personal delivery upon Defendants, to the extent Defendants provided accurate contact information in the U.S.; and/or (4) personal delivery through the Hague Convention on Service Abroad or similar treaties upon Defendants, to the extent Defendants provided accurate contact information in foreign countries that are signatories to such treaties.

**IT IS FURTHER ORDERED**, pursuant to Federal Rule of Civil Procedure 65(b) that the Defendants shall appear before this Court on \_\_\_\_\_ at \_\_\_\_\_ to show cause, if there is any, why this Court should not enter a Preliminary Injunction, pending final ruling on the Complaint against Defendants, enjoining Defendants from the conduct temporarily restrained by the preceding provisions of this Order.

**IT IS FURTHER ORDERED** that Microsoft shall post a bond in the amount of \$15,000 to be paid into the Court registry.

**IT IS FURTHER ORDERED** that Defendants shall file with the Court and serve on Microsoft's counsel any answering affidavits, pleadings, motions, expert reports or declarations and/or legal memoranda no later than one (1) day prior to the hearing on Microsoft's request for a preliminary injunction.

**IT IS SO ORDERED**
