Plaintiff Microsoft Corporation (“Microsoft”) has sued Defendants John Does 1-2 associated with the Internet domains listed in the pleading set forth below. Microsoft alleges that Defendants have violated Federal and state law by hosting a cybercriminal operation through these Internet domains, causing or attempting unlawful intrusion into Microsoft and Microsoft’s customers’ computers, computing devices and/or accounts; and intellectual property violations to the injury of Microsoft and Microsoft’s customers. Microsoft seeks a preliminary injunction directing the registrars associated with these Internet domains to take all steps necessary to disable access to and operation of this infrastructure to ensure that changes or access to the infrastructure cannot be made absent a court order and that all content and material associated with this infrastructure are to be isolated and preserved pending resolution of the dispute. Microsoft seeks a permanent injunction, other equitable relief and damages. Full copies of the pleading documents are available at www.noticeofpleadings.com/maliciousdomains (www.noticeofpleadings.com/maliciousdomains).
